

OREGON CURSILLO MOVEMENT TEAM INFORMATION FORM

Weekends are held for the benefit of the candidates. Team members will be chosen from among those persons who actively support the Cursillo movement, particularly in group reunions, Ultreyas, their work in their own churches and their apostolic lifestyle. It is the policy of the Oregon Cursillo movement that teams reflect a balance of experience in the Cursillo Movement with at least one third of the team serving their first weekend as a team member. Team assignments are made with a view to encourage leadership growth in the movement and to reflect, to a reasonable degree, balance of in terms of age and church/geographical diversity. Those who wish to serve will be afforded reasonable opportunities, although it may not always be possible to serve on a particular weekend.

This application is designed to assist in the team selection process. Being on the team requires a commitment of time and resources. The weekend cost, \$60, is expected from team members prior to the weekend. Scholarships are available upon request.
